## THE WHOLE NECK

Root (C#) Each color is one box. Notes on a color edge are shared by two boxes.

## BOX BY BOX

### 1. Learn Box 1 first

Play it low to high and back, two notes per string. Say each note name as you go.

### 2. Land on the roots

Start and end your phrases on C# (the dark squares). They're your home base in every box.

### 3. Connect the boxes

Each box shares notes with the next, where the colors meet. Slide across them to move up the neck.
