1. Pass through the blue note

It's tense. Slide or hammer from the 4th through A to the 5th rather than resting on it.

2. Bend into it

Bend the 4th up a half step to reach the blue note, or a whole step to reach the 5th.

3. Use it over a 12-bar blues

The Eb blues scale works over all three chords of a blues in Eb.
